But hey, we got a day and a half of this one! And I got to sleep in for two whole mornings. Too bad

Come on, that was cool video. Gecko tripod! Gecko flip! And the thought of a lab full of guys dropping geckos! (Also, RoboGecko!)

U r cranky. 8>P Is it just the restless? Say "Gecko!" six times fast. You'll feel better.

Okay, robogecko is cool.

I am cranky. Not sure why. Maybe lack of exercise. Maybe lack of action at work. (Not that I want action, thank you, Universe. But it always has me waiting for the boom, and the fall was just so damned busy.)

Also, still have not seen the Angry Kitteh. Despite setting up a webcam to watch the food bowl.

And maybe something else, but I am probably just being paranoid, and I don't want to talk about it on the internet.

I should go eat something, go to bed.

(Much rather wake up eat a coffee cake, take bath, take nap.)

Re: Action at Work

SHUT! UP! Holy Week! Bad Friday! He is risen! (When I was five, I thought that had something to do with bread dough. I swear to you, I did.)

Webcam! U r smrt. You know, she may just be finding enough provender around the neighborhood that she hasn't had to resort to the upper floors yet.

Coffee cake. Yum.

Bring you one tomorrow if you'll listen to me be paranoid and self-justifying for three minutes and promise to tell me I'm full of shit.

Phoo, I don't need coffee cake for that.

If you'd rather call tonight, I'm up for a while yet. 'Cause if it's making the hamsters run and run on their little brain wheel, and you aren't going to sleep until *they* do, that's what phones are for, man.
